It can Also show Fundraiser Dashboard when the person logs in as Fundraiser role. Where the specific Fundraiser person can create campaign, update it or delete it.

The screenshot shows the 'Fundraiser Dashboard' window with the title 'Charity Donation System'. The total donations are \$0.00. A table lists campaigns with columns: Campaign Name, Description, Goal Amount (\$), and Raised Amount (\$). The first row shows 'DonateForPetsSupplies' with a goal of 5000.0 and raised amount of 500.0. Below the table are input fields for 'Campaign Name', 'Description', and 'Goal Amount (\$)', each with a placeholder text. At the bottom are four buttons: 'Create Campaign', 'Update Campaign', 'Delete Campaign', and 'Back'.

Campaign Name	Description	Goal Amount (\$)	Raised Amount (\$)
DonateForPetsSupplies	Donation for Pets Supplies for the shelter.	5000.0	500.0

Campaign Name:

Description:

Goal Amount (\$):

For example, A test Campaign was added to the Campaign List.

This screenshot shows the same dashboard as the previous one, but with a 'Success' dialog box open in the center. The dialog box contains an information icon and the text 'Campaign created successfully.' with an 'OK' button. In the background, the table now includes a new row: 'test123' with description 'This is a test campaign', goal amount '10000.0', and raised amount '0.0'. The form fields below the table now contain the values for this new campaign: 'test123', 'This is a test campaign', and '10000'.

Campaign Name	Description	Goal Amount (\$)	Raised Amount (\$)
DonateForPetsSupplies	Donation for Pets Supplies for the shelter.	5000.0	500.0
test123	This is a test campaign	10000.0	0.0

Campaign Name:

Description:

Goal Amount (\$):
